Address: Froudeova 1, 10020, Zagreb, Croatia (Home)

● ABOUT ME

Junior developer focused on full-stack web development, with hands-on experience and training across JavaScript, React.js, Node.js, Python, SQL, MongoDB, HTML, CSS and Linux.

Analytical and curious by nature, with a strong interest in understanding how web technologies and computer systems work. Currently focused on developing practical full-stack development skills, building projects, learning through problem solving, and improving software development practices.

Background in graphic design and hospitality has developed strong communication, customer-facing, problem-solving and teamwork skills. Seeking an opportunity to transition into professional software development and contribute to a team building reliable, useful web applications.

● SKILLS

SQL | Python | Linux | HTML | CSS | JavaScript | Git | React.js | Tailwind | Bootstrap | Node.js | MongoDB

● WORK EXPERIENCE

WEB DEVELOPER – SELF EMPLOYED, FREELANCING – 2017 – 2020

Developed independent project management and client communication experience through freelance work. Open-source contributions are maintained in GitHub repositories.

BARISTA / TEAM LEAD – 2005 – Current

SKILLS AND INTERESTS

Practical experience

Most of my **interests and skill sets** are focused in these areas: Full-stack web development, frontend development, backend development, web applications, database fundamentals, scripting.

Practical experience:

- Building knowledge across frontend and backend web development using JavaScript, React.js and Node.js.
- Working with HTML, CSS and modern frontend frameworks to develop web interfaces.
- Developing familiarity with MongoDB and relational databases/SQL.
- Using Git and Linux-based development environments.
- Applying programming and problem-solving skills through personal development projects and GitHub repositories.
- Basic SQL and relational database concepts.
- Completed dedicated relational database training.
- Completed Oracle SQL Developer training.

Primary career focus: Full-stack web development.
